### About Jane Goodall's Roots & Shoots

Founded in 1991 by Dr. Jane Goodall and a group of Tanzanian students, the Roots & Shoots program is about making positive change happen—for our communities, for animals and for the environment. With hundreds of thousands of young people in more than 120 countries, the Roots & Shoots network connects youth of all ages who share a desire to create a better world. Young people identify problems in their communities and take action. Through service projects, youth-led campaigns and an interactive website, Roots & Shoots members are making a difference across the globe. For more information, please visit
