

Water Tips

There are so many ways to conserve and protect water. With the world facing a global water crisis (<http://www.janegoodall.ca/project-blue/TheGlobalWaterCrisis.html>), there's never been a better time to learn new ways to use less water and protect Canada's fresh water supply. Visit the following websites to learn new techniques to save water and save money too!

Visit Environment Canada's website to learn how to conserve water inside and outside your home:
http://www.on.ec.gc.ca/reseau/watertips/watertips_e.html
http://www.ec.gc.ca/Water/en/info/pubs/nttw/e_nttwi.htm

Check out these tip books, created by The Clean Water Foundation, on how to conserve water in your yard, garden and home: <http://www.cleanwaterfoundation.org/publications.html>

Live in Toronto? Find useful tips for your home, information about rebates for your toilet and washing machine, an Indoor Water Efficiency Retrofit Kit, and more on this site:
http://www.toronto.ca/livegreen/home_watersmarts.html

Read this Homeowners' Guide to Rainfall, produced by RiverSides, to understand urban storm water:
<http://www.riversides.org/rainguide/>

Find tips on what you can do to keep our rivers clean:
<http://www.yellowfishroad.org/action.html>

Download an issue of "Water Watch", a guide to water efficiency in your community:
http://www.toronto.ca/water/water_watch/index.htm

Check out these tips on how to easily conserve water:
<http://www.groundwater.org/kc/easywaystoconserve.html>

Protect and conserve groundwater:
